WAINWRIGHT, ALBERTA, WEDNESDAY, NOVEMBER 11, 1914

NUMBER 6

PATRIOTIC MEETINGS ARE BEING HELD IN RIDING

Enthusiastic Gathering All Over Riding Show Loyalty of People.

At the recent session of the Alberta legislative, it was decided to form two branches of the Patriotic Fund of Canada, known as the Northern and Southern Alberta Patriotic Funds. The members were made chairmen in their respective ridings. Mayors and reeves were appointed to work in conjunction with the representatives in forming associations throughout their respective ridings. To this end our local member, G. L. Hudson, M.P., has been spending considerable time throughout the riding organizing these associations. These have been formed at Chasvin, where a strong committee was appointed with Reeves Roy and Frost as vice presidents. A strong committee was also appointed, Edgerton also has an organization with Conne Morrow as Chairman and a strong committee. Another has been formed at Heath, also at Irma on Friday evening when A. F. Ewing, M.P., delivered a stirring address.

Associations will be formed at Jarrow and other points throughout the riding. The members of the town council and the president of the Board of Trade with Mayor Lally as chairman over all form the local organization and a meeting will be held at some later date in the Elite theatre. H. A. Munu, manager of the Merchants Bank, has been appointed treasurer for the district. The objects of the Patriotic Fund are for the relief and support of the dependents of those who have left for the front from Canada, as well as the wives and families of the British, French, Belgian and Russian reservists and soldiers at the front. The Patriotic Fund is under the direction and patronage of His Royal Highness, the Duke of Cornwall, who is president of the Patriotic Fund of Canada.

The committee for Alberta appointed by the association at Ottawa is as follows:—Hon. President, Lieut. Governor Bulyea; Premier Sifton, A. F. Ewing, K.C., M.P. of Edmonton and T. M. Tweedie, K.C., M.P., of Calgary.

On Friday night another enthusiastic meeting was held at Irma, A. F. Ewing, M.P., and J. G. Turgeon, M.P., addressing the meeting with G. L. Hudson. A large number turned out and much interest in that locality is being taken in the collection of money.

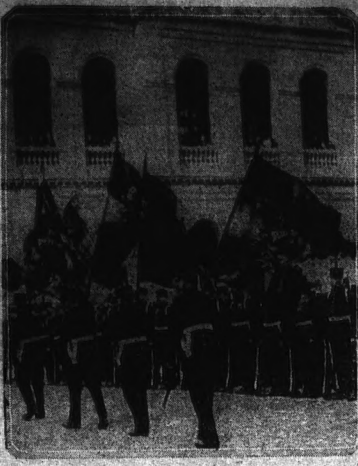

It is the duty of all associations to secure all information as to dependents throughout this riding and forward same to the nearest organization or to John Blue, Secretary of the North Alberta Branch of the Canadian Patriotic Fund.

SPRING VEAL WEIGHED 450 POUNDS DRESSED

The G. H. Beaudry Co. purchased a real today that weighed 450 pounds dressed. It was spring veal and was raised by J. Desroches, of Heath. This is considered one of the best, if not the best, ever purchased in this vicinity. It cost the owner practically nothing to raise it and he was paid \$41 for the animal.

J. G. Turgeon, M.P., for Hildesheim, and A. F. Ewing, M.P., for Edmonton, were in town on Saturday last following a meeting at Irma the night previous in the interests of the Northern Alberta Patriotic Fund.

CAPTURED GERMAN FLAGS IN PARIS.

Several German flags captured by the French in Northern France and Belgium, being taken into the "Invalides" in Paris to be placed among the French war trophies. In this building are many relics of the war of 1870. The "Invalides" is shown in the background.

PRINCIPAL BRODIE SUBMITS REPORTS FOR LAST MONTH

The school report for the month of October as submitted to the school board at its regular meeting on Friday evening is considered one of the most satisfactory since the establishment of the institution and the following facts will show to some extent the progress being made.

In Principal Brodie's department the percentage of attendance for the month was 96.38 and in R. B. Bryden's grades the percentage was 92.16; in Miss Brommer's 96.80; Miss Parsons' 98.51 and in Miss Coulter's 96.36. The average attendance for the whole school was 96.20 which is considered exceptionally good. Principal Brodie in his report stated that this percentage would be hard to beat in any school in the province.

UNIVERSITY EXTENSION WORK.

E. E. Ottewill, secretary of the Department of Extension of the Alberta University visited here early in the month and interviewed several members of the board and citizens. The object of his work in brief is to extend the benefits of our provincial University to the

Preparations are now under way for the fourth annual Concert and Card party, held under the auspices of the Roman Catholic Church. The affair will be held the latter part of the month, the date to be announced later on.

E. K. Smith, manager of the Union Bank, has lost his very valuable cocker spaniel pup and with this loss offers a reward for its immediate return. Any one detaining the pup after the publication of this notice will be prosecuted for theft.

"Point Brino," a standard bred stallion, owned by W. Minnick of Edgerton has been sold to George Smith, of the Alberta Livestock Barn. He is one of the best bred studs in the country and has a mark of 214 and weighs about 1200 lbs.

George L. Morrow, hardware merchant at Edgerton, is in town today on business.

The 20th. of November will be a Red Letter Day and those who fail to see "The Barrister" will miss one of the big events of the season.

SUSTAINED PAINFUL AND PERHAPS SERIOUS ACCIDENT

While driving a team heavily loaded with pipe to town today, A. F. Kohl, a well known farmer residing north of town, sustained a painful and perhaps serious accident when a few of the pipe slid and threw him from the wagon on which he was riding. He fell under the wheels which passed over his leg near the hip and at the time of going to press it is not known whether he sustained a fracture of the bone or not. He is at the Wainwright Hospital under the care of Drs. Little & Middlemass.

The subject for next Sunday evening at St. Thomas' Church will be the hymn, "Nearer My God to Thee." Everybody welcome.

Cream of the West flour at 25.55 is a bargain. Get it from the Wainwright Milling Co.—a

RETIRING COUNCILLORS WILL NOT SEEK RE-ELECTION

Very Little Interest Being Taken in Forthcoming Elections.

There is nothing new to report in the municipal situation as to who will offer themselves for the vacancies to be made by the automatic expiration of the terms of Mayor Lally, and Councillors Beaudry and Cook. It is understood that Councillor Mills has stated his willingness to accept a nomination for mayor. The retiring councillors will not be in the dash for re-election. Very little interest is being taken in the forthcoming elections.

AT THE ELITE

Second instalment of LUCILLE LOVE. Series to be shown Tuesday, November 17th.

The first instalment of "Lucille Love," two reels in all, was shown at the Elite theatre last night and attracted a big crowd. The story will be continued next Tuesday night and every Tuesday thereafter until the eighteen different instalments have been shown. Next week's reels will depict the following interesting story:

Lucille desires the ship and makes a sensational landing on the steamship. Loubeque realizes that his plans are being interfered with and at the moment he sees the girl he struck with her resemblance to his first love, who in reality is Lucille's mother. Loubeque sends an unsigned wireless message saying that General Love and not his aide has proved the traitor by selling the diplomatic secret. He then disarranges the wireless apparatus. In doing so he causes an explosion in which he is injured and Lucille seeing a good opportunity offers her services as his nurse. She is soon on friendly terms with the spy, but is unable to ascertain the hiding place of the documents.

A fierce fire breaks out in the hold of the ship and Lucille is with Loubeque when the disaster is announced. His thoughts turn to the document and his startled glance towards a deck reveals to Lucille the hiding place of the stolen papers. Loubeque leaves the room for an instant and Lucille finds the papers and thrusts them in her bosom. The fire in the hold burns fiercely and the lifeboats are lowered in which Lucille finds a place.

Realizing that he must desert his ship at once, the spy rushes to his cabin but finds the papers gone. He then realizes that his nurse is none other than Lucille Cove, daughter of his deadliest enemy. He rushes to the ship rail and cries out to Lucille, "Well done, Miss Love, but I'm afraid you will have to return the papers." No sooner does Lucille's boat touch the water than it capsizes and the women occupants are left to the mercy of the waves. The burning ship listing almost to the water's edge, the ocean spotted with the dying and the dead, Lucille grasps a floating timber and clings to it until she loses consciousness. When she regains her senses she finds herself upon a long stretch of beach, a castaway upon the South Sea Islands.

An auction sale of farm stock, implements, and household articles will be held at H. C. Haack's farm, six miles north of Edgerton, on Thursday, November 26th. S. B. Bowman is the auctioneer.

FARMERS BEGIN TO MOVE BACK ON LAND

Those who Moved to Cities are Finding their Way Back to Greener Fields.

Former Wainwright farmers who have been living in the cities for the past year or more and whose lands have been idle are beginning to return and at least a dozen have again taken up their residence in the district. Those who returned in time to do fall plowing have large areas prepared for next year's crop.

From every part of this section of the province come similar reports and that many more farmers will be on the land next year than during the past twelve months. No time has been lost this fall in getting soil ready for the seed next spring and indications go to show that wheat will be generally needed.

Mixed farming for the time being is overlooked, not so much from the fact that grains will command a big price for the next few years, but because successful operations by numerous grain growers have proved conclusively that Wainwright is as good a grain growing district as it is suitable for mixed farming operations.

In the event of a good crop next year, almost every farmer in this locality has already placed himself in a position whereby he will reap a record harvest and thereby add to the wealth and prosperity of the community. And the best part of the whole situation is that there is enthusiasm in every muscle and fibre of the farming element.

PATRIOTIC CONCERT AT GILT EDGE HALL

Residents of Gilt Edge are advertising a grand Patriotic Concert, Supper and Dance to be held in the L.O.L. hall on the evening of Friday November 27th, the proceeds of the affair to go towards the Patriotic War Fund. As the concert is for a good cause, it is most urgently requested that as large a number of townspeople and residents of the district as possible be present and a special appeal is made to the ladies.

Constable V. P. Rice, of the Edmonton detachment, R.N.W.M.P., is here and will permanently remain with Constable Wilson. Headquarters considered that Constable Wilson had too much territory to cover, the country east and west taking a great deal of his time. So far as Wainwright is concerned, the town causes little or no trouble to the police.

As yet, the authorities have been unable to trace Jim Walsh the Vermillion man who made his getaway from the Vermillion barracks. Not even a trace of where he went is known.

A wild elk has been in the vicinity of the west gate of the buffalo park for the past week or more and yesterday was seen north of town. Walter Terpenning, of the buffalo park made an unsuccessful attempt at rounding up the animal to add to the elk in the park.

Temperance Sunday was observed in all the local churches on Sunday and the liquor traffic under a licensed system was dealt with by different pastors. The pulpits were occupied by resident clergymen.

CURLING CLUB ELECTS OFFICERS FOR SEASON

Club will Offer Council \$100 for Curling Rink for Winter Months

A curling meeting was held in the town hall last Thursday evening and officers for the year elected. J. L. Gerow was elected president, A. D. Ferguson, vice-president and Fred Pawling, secretary-treasurer. A temporary executive was elected to interview the council with a view to leasing the curling rink at a rental of \$100 for the season. A membership fee of \$5 was decided on, and it is the intention of the club to furnish stoves for all intending curlers.

GAS WELL AT VIKING IS SECOND BEST IN ALBERTA

Gas in an enormous quantity has been struck in the Viking well, the exact capacity per day being over 9,000,000 cubic feet, which is the second largest flow in the province. Prompt action will now be taken by the Edmonton city council in carrying out its part of the agreement with the Edmonton Industrial Association, whereby it will eventually take over the company's gas well.

It is probable that several additional wells will now be provided for and that leases covering a large area will be secured. \$100,000 is being asked for the exploitation of the field and for additional wells the city will drill after taking over the association's interests.

Interest here is running high as a result of the strike at Viking, as many believe the Wainwright field has been proved without any expense on the part of the town. Should operations start here, the work will be undertaken with a great deal more confidence than before the strike at Viking was made.

Another feature photo play, entitled "Brewster's Millions," will be shown at the Elite theatre Thursday night, and after the last show a dance will be held.

The writer of another anonymous letter, addressed to N. E. Cook, is evidently suffering from brainstorm and should have his puny little mind tested without further delay for fear it might start to decay.

Ulric Girard, a young man of French birth who originally came from Quebec, intends joining the French expeditious force being made up in his home province. Mr. Girard is farming near Heath and expects to leave for the front about Christmas.

Angus McQuaker who has the contract for building the new Second Avenue restaurant is rushing the work to completion. The new building will be two storeys in height with a brick front.

Gift subscriptions to the Ladies Home Journal, Saturday Evening Post and Country Gentlemen are being taken at the Wainwright Pharmacy. The publishers send the first copy with a pretty Xmas card with your name to the person to whom you wish it sent so it reaches them on Xmas day.—a

Buy Rexall Goods and help swell the Canadian Patriotic Fund.

WARNED BY POLICE TO QUIT LAUDING GERMANS

Edgerton Farmer Among Those to Express their Opinion too Freely.

As a result of numerous complaints by his neighbors and other residents living near Edgerton, a well known farmer of that locality was recently warned by the authorities that he must cease talking in a manner favorable to the Germans. Although no charge was laid as no criminal offence was committed, the action caused quite an excitement both in Edgerton and here.

Constable Wilson informed the Star yesterday that he had heard other complaints of a similar nature and that he would take steps to sound a note of warning to certain German sympathizers who persisted in creating disturbances throughout his district. All Germans who are not naturalized British subjects have been relieved of their firearms by Constable Wilson.

The case of the Edgerton man attracted much attention here as well as in the locality in which he resides. Report has it that one of the remarks he made was that Canada had nothing to gain by taking any part in the war and that Canada had never received any favors from the Motherland. Whatever the remarks were that were passed, those to whose ears it came were much aroused and it is understood that bodily injury was threatened unless the authorities intervened.

Constable Wilson stated that talking in a manner favorable to Great Britain's enemies is not a criminal offence, but that any display of favoritism by action is punishable under certain clauses of the criminal code. He is giving this matter every attention, and intends visiting Jarrow, where it is reported a German is preaching that there is constant fear of unfriendly relations causing bitter disturbances.

WANT TO FIGHT BUT ARE NOT NEEDED

Five or six Edmonton laborers who worked on the pipe line from the station to the corner of Second Avenue are old soldiers, who have served under the British flag and all of them have offered their services to their country. None has been accepted and it is a fact worthy of note that this seems to be the case all over Canada. Recruits anxious to enlist are turned down and a well-known local public man recently sized up the situation quite thoroughly when he said that no trouble would be found enlisting 150,000 men in Canada.

The Wainwright Dramatic Club present "The Barrister" on the 20th. of this month. Mr. H. C. King, the manager of the company, states that the caste is an exceptionally strong one and that some of the artists are going to make a name for themselves.

The play is a Farce Comedy and is one big laugh from start to finish. It is expected there will be a crowded house as this is the first time a play of this kind has been produced by local talent.

Should you be figuring on giving a card party be sure and see the new assortment of tally cards at the Wainwright Pharmacy. They run from 10c to 35c per dozen.—a

A dance and box social will be held on Friday night Dec. 4 in the Battle View School House. Ryley three piece orchestra in attendance. Everybody welcome.—a
